Decision on the principles for remuneration and terms of employment for group management, item 14

According to the code for company management, the board shall present proposals for principles for remuneration and other terms of employment for group management at the annual general meeting. The board of Wihlborgs proposes that remuneration and other terms of employment shall be determined by the market and competitive. Remuneration shall be fixed for all members of group management. At Wihlborgs there is a profit-sharing foundation that comprises all employees except the CEO. The provision to the fund is related to the yield on equity and is maximised to a base amount per annum and employee. The pensionable age for all members of group management is 65. The cost of the CEO's pension is based on a premium of 35 per cent of the pension-based salary per annum during the period of employment. The ITP plan or equivalent applies to other members of group management. Termination of employment salary and termination payment shall not exceed 24 months' salary. The termination payment shall be deducted from other income. The principles remain unchanged from previous years.

The entire board, with the exception of the CEO, shall decide on the principles for remuneration and terms of employment for group management as well as the CEO's remuneration and terms of employment.

Decision on authority for the board to acquire and assign own shares, item 15.

The board's decision means that the board is authorised to acquire and assign its own shares before the next annual general meeting.

Acquisitions may take place of as many shares such that the company's holding does not exceed the number of shares which from time to time corresponds to 10 per cent of all the shares issued by the company. Consideration for the assigned shares can be paid in cash or in kind or through offset, or otherwise subject to conditions.

The purpose of the authority is to be able to continuously adapt the company's capital requirement and thus be able to contribute to increased shareholder value, and to be able to assign shares in connection with the financing of possible property or company acquisitions though payment using the company's own shares.

The board has the right to decide on a deviation from the shareholders' preferential right as well as the regulation according to Chapter 13, Section 5, 1st paragraph p of the Swedish Companies Act (in kind, offset or other conditions).
