PRESS RELEASE

Wihlborgs intensifies its digital focus with its new Chief Information Officer for IT and digital business development

Wihlborgs has employed Dag Widell as CIO for IT and digital business development. The recruitment is part of fulfilling Wihlborgs' ambition to set a clear digital agenda for the future.

For several years, Dag Widell has driven digitalisation processes at a number of different organisations, including as CIO at Granngården and most recently as CIO at Hilding Anders International AB. Dag will take up his post on 1 October 2018.

"Over recent years, Wihlborgs has geared up its digital ambitions. Dag will play a key role in efforts to set a clear digital agenda and to drive the continued development of services and solutions that benefit our customers and our business, and which facilitate our daily work," says Ulrika Hallengren, CEO of Wihlborgs Fastigheter.

"I view being part of pursuing Wihlborgs' digital agenda as both an honour and a fantastic opportunity. For me, what sets Wihlborgs apart is that the company has made a strategically important shift by establishing digitalisation as a key component of business development and as part of the Group Management's agenda. Together with a strong focus on developing the workplace culture and employees, this is a factor that I believe will pave the way for continued success. I am keen to get to know our colleagues and customers, and to become part of Wihlborgs," says Dag Widell.
